

Medical School

At the Medical College of Wisconsin (MCW), we understand that choosing a medical school is a critical life decision that will set course for you to pursue your calling in life and develop the skills to become a highly effective physician. We also know that it's about finding the place that fits your learning style, your lifestyle, and your career goals. MCW offers medical education in thriving, interconnected learning communities. At MCW, you'll have easy access to your fellow students, nationally-recognized faculty and the best medical education resources.

Green Bay Campus

3 YEARS

One of the few medical schools in the country that offers an innovative and focused 3-year curriculum.

CAREER FOCUS

We train primary care physicians (family medicine, pediatrics and internal medicine), and psychiatrists who want to live and work in the region when they complete their medical education.

CLINICAL PARTNERS

Regional clinical partners provide learning in a variety of hospital and clinical settings, preparing you for real-world practice.

MCW-GREEN BAY PROGRAM

If you're looking for a medical school that offers a community-focused program, smaller classes, supportive team-based learning environments, one-on-one attention and a first class education experience personalized just for you through partnerships with the best academic and medical institutions in the region, **MCW-Green Bay** may be the ideal campus for you.

The **MCW-Green Bay** campus features an accelerated 3-year program that will allow you to graduate and begin practicing medicine one year sooner.

LIFE IN NORTHERN WISCONSIN

Situated on the banks of the Bay and the Fox River, the Green Bay area is home to a diverse population and offers plenty of activities to keep you busy. With the perfect mix of big-city amenities complemented with a Midwestern, small-town feel, you can enjoy miles of Lake Michigan shoreline, engage in plentiful arts and entertainment options, explore limitless outdoor recreational activities, and cheer on the Green Bay Packers. You will also have the opportunity to build friendships with fellow students at the regional campuses and Milwaukee through student organizations and interactive classes.

MCWfusion™ Curriculum

3 PHASES

Integration of foundational science and clinical medicine from day one.

CURRICULAR THREADS

- Communication Skills
- Health Equity
- Critical Thinking
- Patient Care Skills
- Health Systems Science
- Character and Professional Development
- Interprofessional Education and Practice

The new **MCWfusion** curriculum features clinically applicable and fully integrated basic science teaching. You will be engaged in active, small group inquiry-based learning, patient care and healthcare team experiences, and individualized, differentiated training to become a well-rounded physician ready to practice in rapidly evolving healthcare environment.

- **PHASE 1** provides system-based foundational science training and immersive clinical experiences.
- **PHASE 2** consists of core clinical experiences arranged in integrated blocks.
- **PHASE 3** offers individualization and differentiation with 2 acting internships.
- **CURRICULAR THREADS** are integrated throughout all phases.

Support for your academic success

LEARNING COMMUNITIES

Support student well-being, peer mentoring, and faculty academic advising and coaching.

SPIRAL WEEKS

Promote integration, connection, and student development throughout all phases.

Your **LEARNING COMMUNITY** will become your support system where you will interact with a small group of peers and learning community navigators. This is the place to nurture your adaptive learner skills and obtain academic advising and coaching.

During **SPIRAL WEEKS**, you will create and act on individual development plans for excellence and remediation and develop meaningful connection with peers and faculty.

SCHOLARLY PATHWAY

Helps identify a focused area of study through inquiry.

At **MCW-Green Bay**, **Physician in the Community SCHOLARLY PATHWAY** enables you to individualize your medical training and will link your medical education with the resources and needs of the northeastern Wisconsin area communities and our partners to promote health in the region. Choosing an internationally-recognized medical education program at **MCW-Green Bay** will prepare you for real-world practice and build a solid foundation for a strong future in medicine.
